

## Drumming Circle

Come and join us for a drumming circle led by Nadia Al Faghieh Hasan who has many years of working with groups in a variety of arts facilitation roles. For the past eight years this has revolved around her love of drumming and its ability to break down barriers and build community. She has travelled extensively through West Africa learning new rhythms and techniques.

Following a successful launch we are running a six-week course focussing on different aspects of rhythm and style.

Places are limited so please book early if you are interested.

It is recommended that people bring a djembe drum or something else to bang on.

Suitable for all ages, but children should be accompanied by an adult.
